

---

1) Use keyboard shortcuts to play and pause the music stream. 2) Control what song is currently playing using a set of media buttons. 3) Enable and disable album art and/or genre sorting (based on MP3 ID tags) using the "System" button. 4) Use a "mouse-wheel" to scroll through all of your MP3 files. 5) "Rock to sleep" using the "Schedule" button. 6) You can lock the program to your desktop. 7) You can configure Pandora to play in the background. This program is freeware. Pandora is a music recommendation service based on music listening history. It was started in late 2002, and is available in more than 10 languages and 20 countries. It allows users to create their own personal music "station", or play stations from Pandora's Music Genome Project. More about Pandora... More about MediaPortal... Download Pandora Music Box 3.0.12.76 from the links below. (C)2011 & 2013, Pandora Inc. All rights reserved. Smooth Music is a FREE software that allows you to read song lyrics, or to listen to high quality MP3 files. Smooth Music uses internet to locate the lyrics for songs. You can choose from popular music services, such as Last.fm, Deezer or Napster. By displaying lyrics in your own language, you'll never have to listen to a song in a foreign language again. Smooth Music also features a high quality audio player that supports many different formats, including MP3, AAC and FLAC. Besides showing song lyrics, it has an audio player that lets you listen to music, even without internet access. Smooth Music is freeware. -----
