"We're not expecting any weather-related issues this weekend," NAERO's chief meteorologist Russell Newton told The Associated Press. A blizzard warning has been issued for some parts of the Northeast from Sunday morning through late Monday night. North Carolina, Virginia, Pennsylvania, New York and Massachusetts were under a blizzard warning. Forecasters said snow was coming from the northwest and likely to continue northeast.[Social worker interventions for women undergoing psychiatric crisis: a meta-synthesis]. This study aims to summarize the evidence found in recent scientific literature on women's coping in psychiatric crisis situations using meta-synthesis methodology to identify what type of intervention can help in alleviating women's suffering. The research shows that interventions comprising emotional support and cognitive behavioural training are the best procedures for the short
